CLASS OF '65

WESTFIELD WASHINGTON HIGH

Westfield schools took a step foreward when it was Consolidated. 1964 & 65 was a commendable year for the school of Washington Township. Instead of being under a trustee, this year put all school affairs under a school board. A superintendent, a high school principal and an elementary principal work closely with the school board for the good of the school. A long term plan for building new school buildings has been presented; 1965 gives us more elementary rooms, a new high school building is being planned. We feel that we are moving into a better school system.

DEDICATION

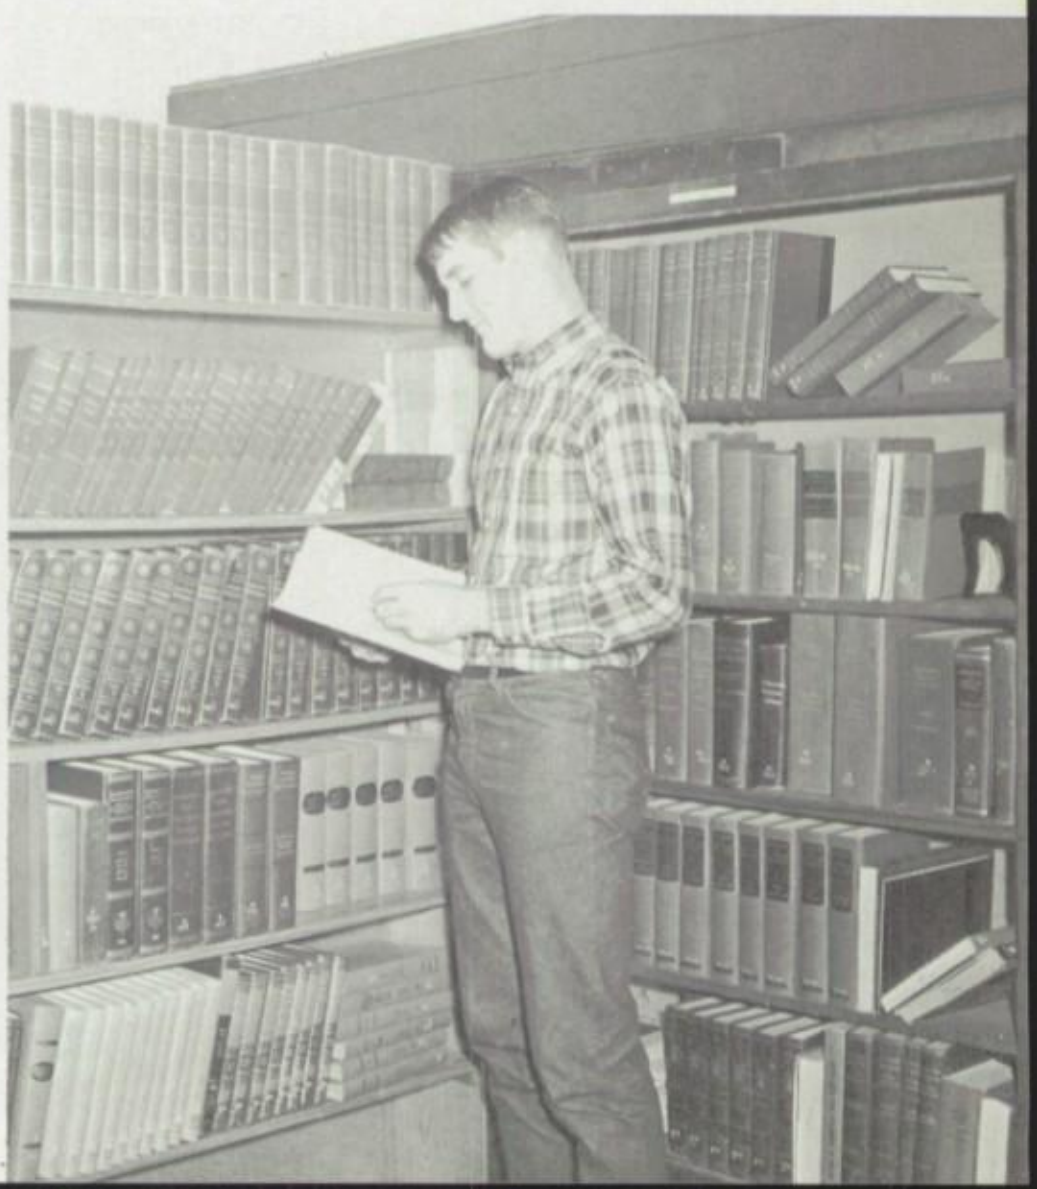
We, the annual staff of 1964-65, take great pleasure in dedicating the 1965 annual to Mrs. Elsie Loetta Cox--a teacher at Westfield High for twenty-one years. We who have known her well, appreciate her dedication to the art of teaching. She has taught all of her pupils how to make a better world through her subjects and activities--Latin, Office Practice, Bookkeeping, Physical Education, Shorthand, General Business, English, Typing, Commercial Law, Business English, and by sponsoring Future Business Leaders of America, Latin Club, Shamrock staff, the Shamrocket, Sunshine Society, and Girls' Athletic Association. She has also been Librarian and School Bookkeeper. We feel very fortunate to have such a fine teacher and hope she will stay at Westfield High and continue her invaluable services.

ORCHIDS TO...

OUR LIBRARIAN

MRS. NANCY WRIGHT

The largest stepping stones on the road to knowledge are books. These aids in our search for knowledge have increased during the last year. But as any other tool for knowledge, they need care, management, and supervision. This is the job of Mrs. Wright. We wish to acknowledge her and her fine work in our library. We hope that she will continue.

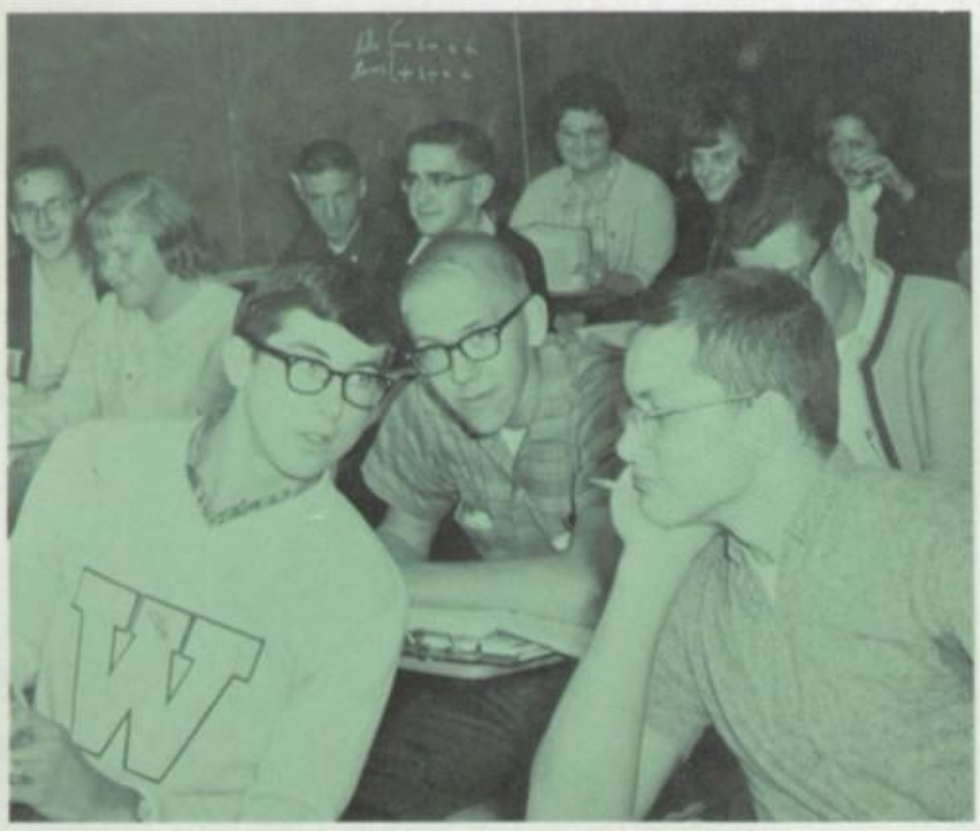


Does anyone know what's going on?

Dr. Robert Andry speaks on Honor Night.

Smile, Hiram, you're in Study Hall.

Whatsa matter? Don't you trust her, Dennis?



What class is this anyway, kids?

They will grow up---won't they?

How many can I have, how much are they, and what are they?

Sunshine Society Induction

You can stop working now, the Juniors won the float contest.

I told you not to blow my horn!

How many times do I have to tell you, my name's not Herman!

Don't cry! Your feet just hit pay dirt.

They went thataway!

The Juniors always bake the little old bakeshop way.

I told you my name was Cassius Clay!

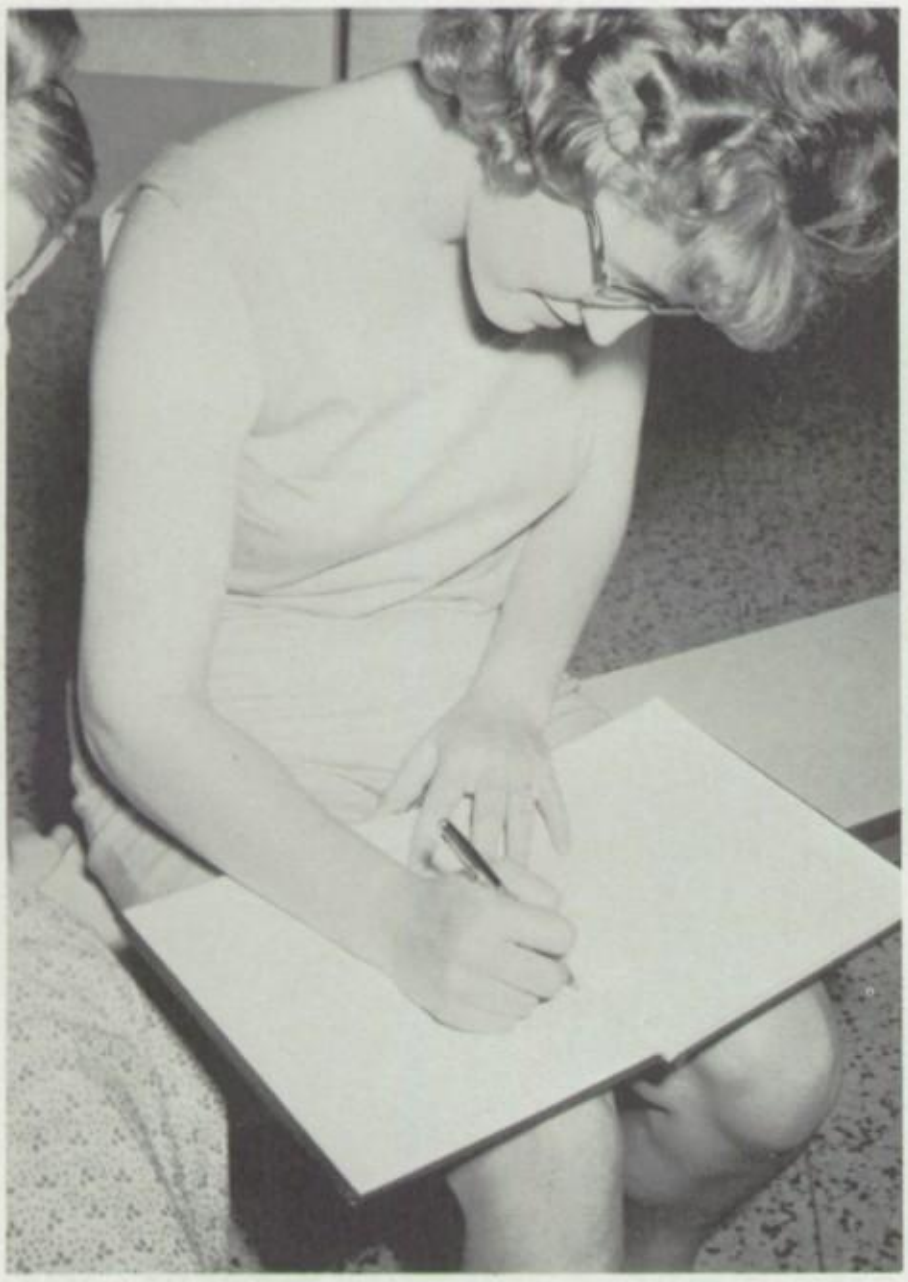
If this is the line-up, I didn't do it.

Everyone looks pretty.

Doesn't look like much!!

Hold that pose!!!!!!!

Some fun, eh?



"Let's see, how do you spell John Henry?"

All together now, one, two, three.

"OUCH!"

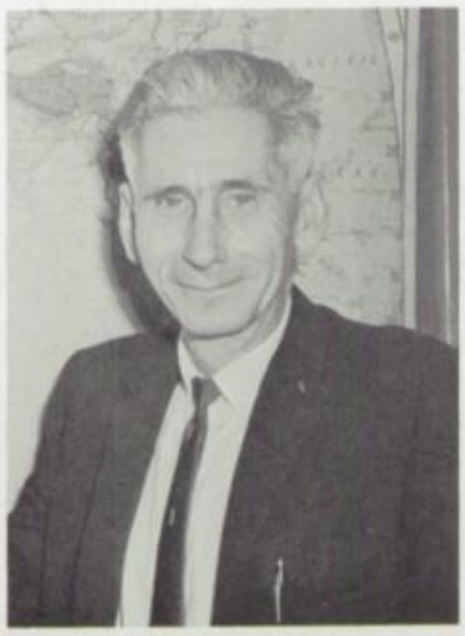
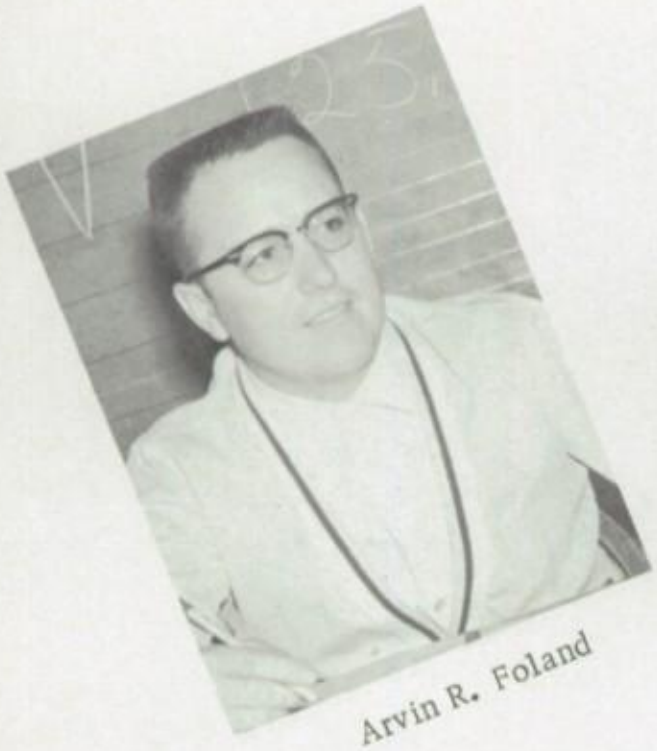
OUR BASIC THREE, HISTORY



Riley Stone

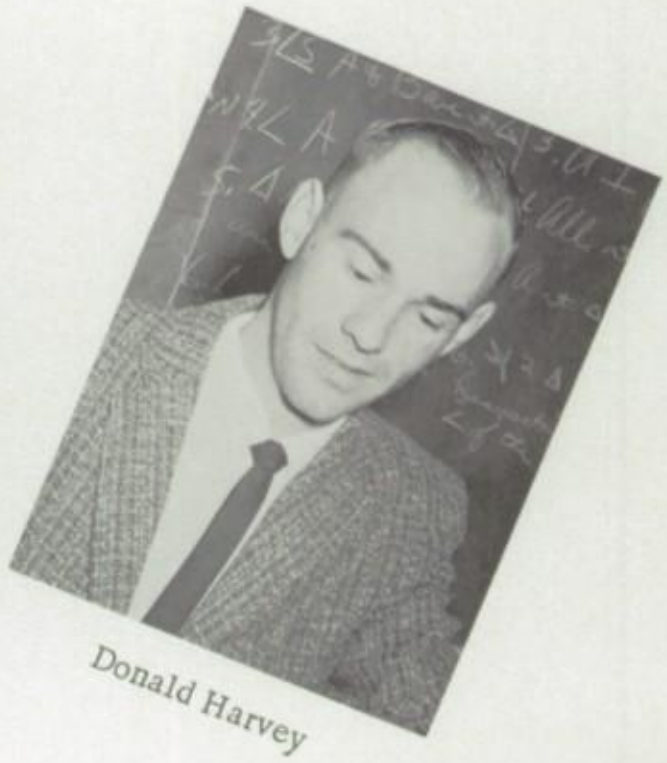
In this age of political turmoil and changing social and economic orders of the world, a time when Democracy and the free enterprise system which we in America so highly value is being challenged by communism, the greatest weapon in our possession is a well informed and educated population. A knowledge of United States History, with its struggles and successes and an understanding of our place as a leader in the cause of freedom is an absolute necessity. The events that have laid the foundation in the world before our country was founded is taught in World History. These two courses are followed by a course in Government and Economics.

MATH



Arvin R. Foland

Glenn E. Hunsucker



Donald Harvey

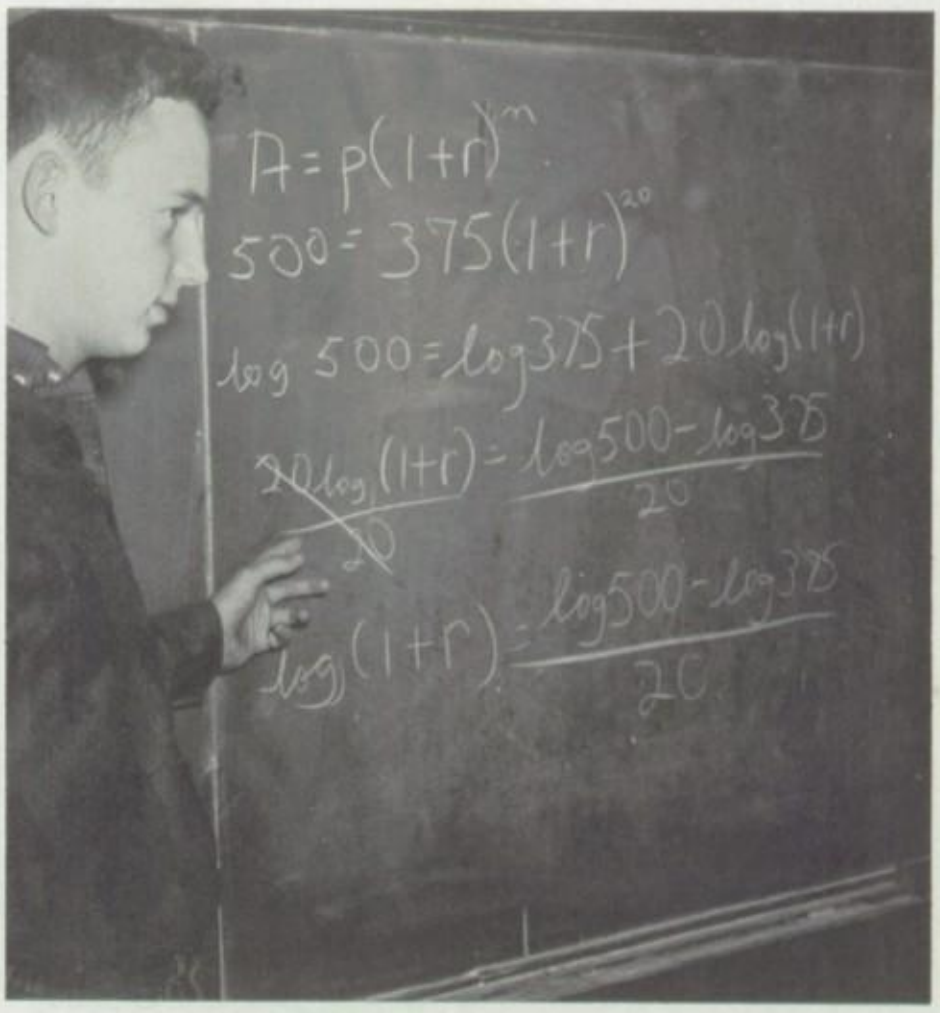
MATH, AND ENGLISH, VARIOUS

In first year Algebra, students learn to deal with almost all types of problems; including working with negative numbers, and the powers of these numbers.

Advanced Algebra is a continuation of the knowledge gained in first year Algebra, plus factoring equations, working with graphs, and logarithims. Trigonometry is also introduced toward the end of the year.

Geometry deals with the proof of problems. It includes theorems and definite proofs for specific types of problems. Plane and solid geometry help to develop powers of understanding and precise thinking which are so necessary in building a basic background for higher math.

Trigonometry deals with logarithims, slide rules, approximate numbers, radians, functions of graphs, and solutions of right triangles. Trigonometry is offered to students whose future called for advanced scientific and engineering skills.

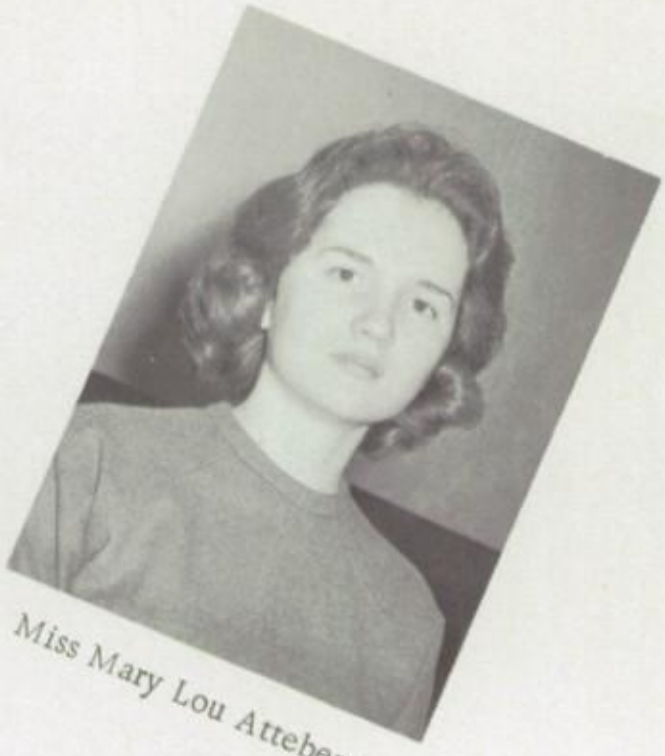


Dick Parker demonstrates the proper method of using logarithims in trigonometry.

FOREIGN LANGUAGE

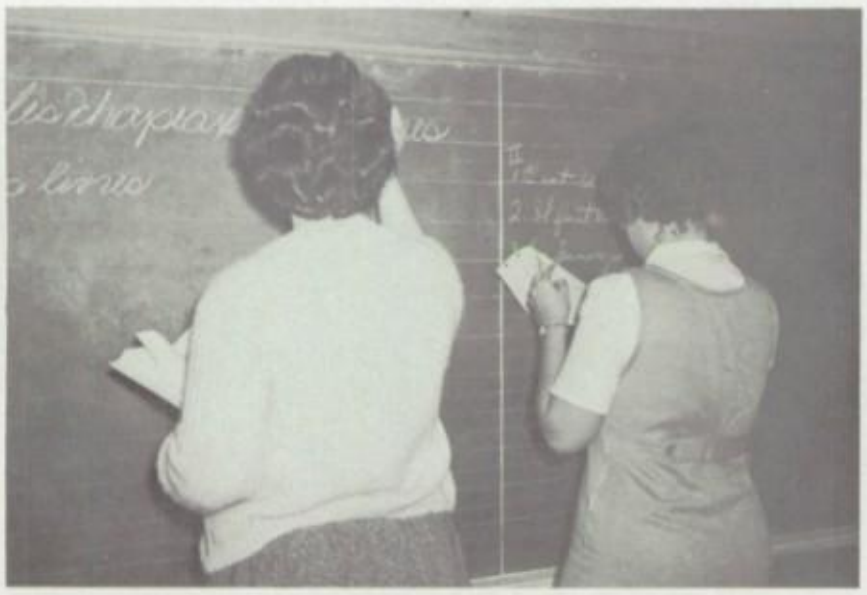
Mr. Omer Eastridge

Mrs. Elsie Cox



Miss Mary Lou Atteberry

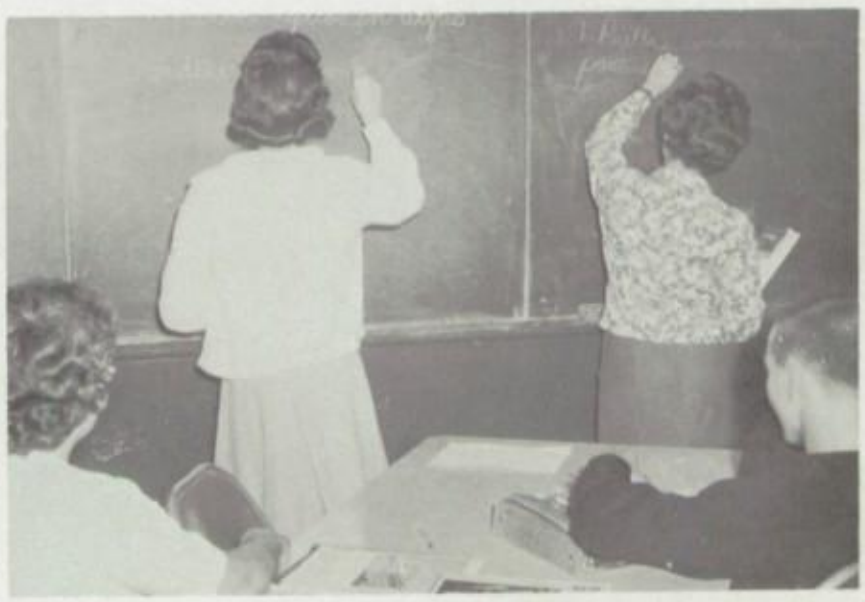
COURSES, AND PATIENT, UNDERSTANDING



Board work is helpful in French.

The Foreign language department offers two years of Latin, two years of Spanish, and now French. The students benifit greatly from these studies. In Latin, they learn of the ancient civilization of Rome and Greece and they come to appreciate Latin as the basis for all our present day languages. The French and Spanish courses offer a study of the customs and languages of the country speaking that language. They learn the favorite sports, past-time activities, as well as their agriculture and industrial products.

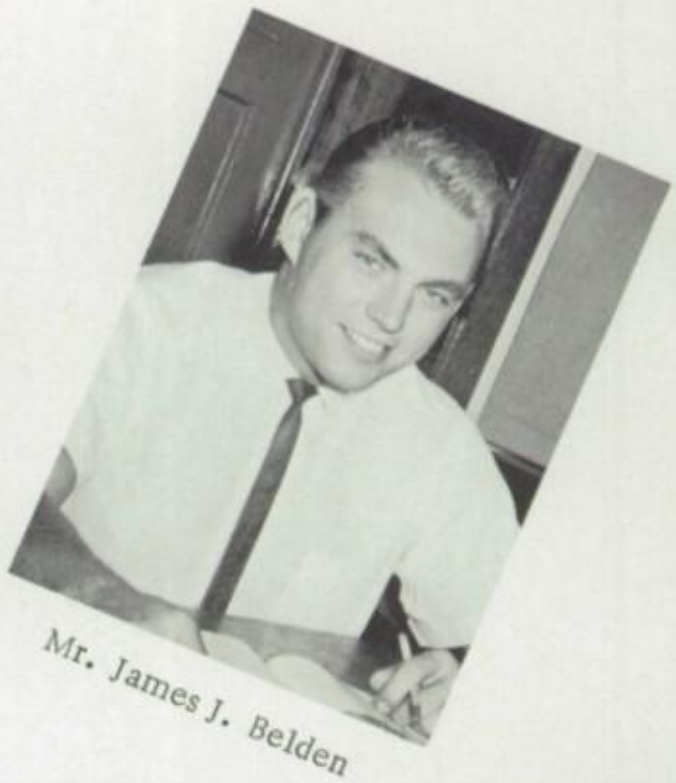
Tape-recordings are advantageous in learning Spanish.



Latin is difficult, but students strive for high marks.

Mr. Gary R. Keith

Mr. Rodney J. Wells

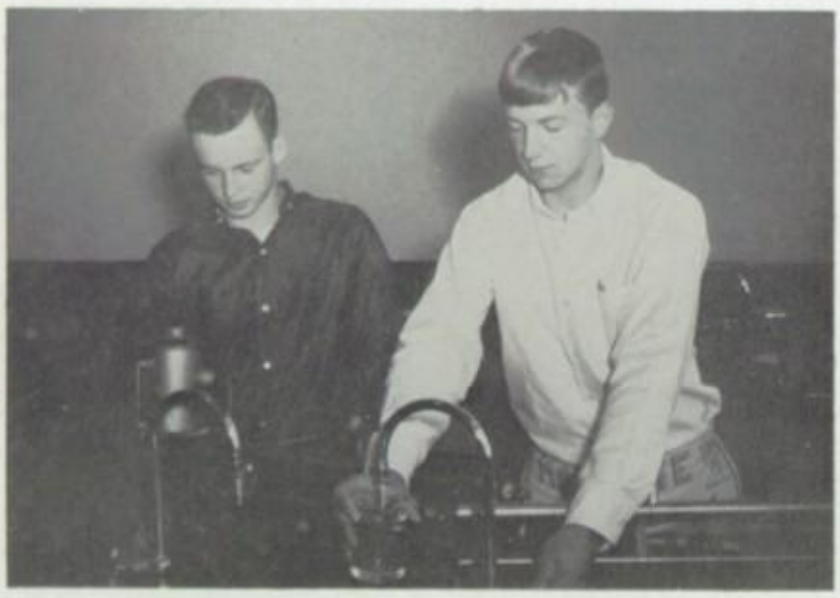


Mr. James J. Belden

SCIENCE

AND QUALIFIED TEACHERS, ALL

Mr. Alan H. Myers



Dick and Mike do a Physics experiment.

The first year of science offered to high school students, Biology, is required for graduation. Chemistry is the science dealing with the materials and the changes in these materials. Physics is primarily concerned with the materials which do not involve changes. Physics is the study of matter and motion. The science department challenges the students to learn, challenges his interest in an unstudied field, and prepares him for a better tomorrow.

Mr. Allan H. Myers

SHOP, AG, AND MECHANICAL DRAWING

HELP PLAY A PART IN

Mechanical drawing proves to be fun.

Alan and Don work on a table in the shop.

Shop gives profitable experience. The boys taking shop have projects in graphic arts, woodwork, carpentry, metal work and electricity.

Agriculture is a valuable course for those who plan to be farmers. It gives modern techniques in farming and in raising livestock.

Mechanical Drawing is called the language of industry. Patience, accuracy and neatness are taught to the students.

Girls are now taking Mechanical Drawing.

Mrs. Verda Eastridge

HOME ECONOMICS

BUILDING A WELL-ROUNDED KNOWLEDGE

In Home Ec. Rosie and Kay are preparing a delightful dish.

Home Economics is required in junior high. Throughout the high school years, various courses such as cooking, sewing, needlework, child care, home nursing, and home planning are offered to train the girls. These girls, to be better caretakers of the home and the children of a new generation, are taking this beneficial course.

Mr. Glen Steele

ART AND MUSIC

FOR FUTURE LIFE. OUR CLASS WORK

Students are able to relax during art class and express themselves through creative work.

After a year of hard work in music the students enjoy a festival in the spring.

WHS has a fine art department under the direction of Mr. Jack Good.

Sculptures, paintings, and ceramics are fashioned by our students.

During autumn, the Marching Shamrocks, led by high-stepping majorettes and a snapping drum major perform skillful routines during halves of home football games.

Winter and spring bring hours of industrious practice as students prepare for annual solo and ensemble contests.

COMMERCIAL

GIVES US KNOWLEDGE THAT IS NECESSARY

Judy learns business skills in Office Practice.

Typing skill is practiced by Margie.

Taking dictation, learning to type, and mastering the principles of bookkeeping are just a few of the skills acquired by students enrolled in our business courses. Students interested in business as a career can gain a general background of various aspects of business and the part it plays in our economy as a whole through study and actual practice in business classes.

These girls take transcription.

HEALTH, PHYSICAL ED, AND DRIVERS ED.

TO HELP US TAKE A PLACE IN THE WORLD.

Mr. Wells instructs his Drivers Education class.

These boys study the circulation of the blood.

Mrs. Stone instructs her Physical Education class.

Physical Education is not only worth-while, but also very enjoyable. It is required of Junior High and Freshman boys and girls. Physical Education is a branch of Health. Woe is the poor Drivers Education teacher, but also many thanks. Drivers Ed. is a course offered to those students 15 years and over for one semester. Along with the valuable training, the students learn rules of the road.

CAN YOU FIND YOURSELF?

In 1964, 108 little tots started their first year of school life under the supervision of Mrs. Commons, Mrs. Dietz, and Mrs. Rentschler. The following year, 100 of these kids started their second year of school. Our teachers, Mrs. Ogle, Mrs. Walker, and Mrs. Stuart took us on a train trip from the station depot at Westfield to Indianapolis. The third through the sixth grades were filled with much excitement of May Day Programs. The two years of junior high were even more thrilling. This was our first chance for selecting cheerleaders and having a ballteam which made us feel very grown-up and important. The four years in high school have been filled with many exciting events. Freshman Initiation, Sophomore class sweaters, and Junior class rings are only a few of these such events. Now we are Seniors and our school life is almost over. We have received our pictures and we are to get measured for our caps and gowns soon. We are waiting with much impatience for our prom and graduation.

WE BID YOU FAREWELL!

ACTIVITIES SUCH AS : CLUBS, COUNCILS

The Future Teachers of America Club is entended to help students learn about the opportunities in the teaching profession and what will be required of them if they are to succeed in this profession. Job opportunities, college training and its costs, rewards, opportunities for service and personal satisfaction are examined through the club program. Future Teachers of America Chapters affiliate with the State Teacher's Association and with the National Education Association. Mr. Hembree is doing a fine job of serving as sponsor of Future Teachers of America.

ORGANIZATIONS ARE OF GREAT IMPORTANCE

The purpose of the G. A. A. Association is to promote good sportsmanship and to give girls a chance to participate in sports. It also gives the members a chance to meet girls from other schools. Mrs. Stone, the sponsor, has helped the girls to learn about different sports, as well as the proper way to play them. The girls have received much pleasure from participating in the many different sports.

As most of the students already know, the librarians are a great help in looking for material for a term paper or in helping to choose a good book for a report. Mrs. Wright, the high school librarian, has built up a very attractive library, which is in a new room this year. Many new books have been added and the students have found them very useful.

TO SCHOOL ACTIVITIES. THEY ARE

The Art Club, sponsored by Mr. Good, is a new organization this year. The purpose of this club is to get together the people who have an interest in art either professionally or personally. These students develop a greater interest in art. The decorations for the Christmas and Easter parties will be made and arranged by the Art Club.

INFORMED PERSON FOR FUTURE LIFE.

The Shamrocket and Shamrock give interested students an opportunity of expressing themselves in journalism. The Annual Staff is chosen by means of application letters written by the students. The Shamrock this year was published twice monthly. The Staff was chosen by Mr. Davis, Dotty Cook, and Cheryl Reynolds. The work on these publications takes many hours of strenuous, patient labor outside of school hours.

The Alcove is a bi-annual magazine, published this year for the first time. Its primary purpose is to provide a medium of expression which might not otherwise be possible in the course of regular school work and through this to foster an awareness of audience in one student writer. While creativity and originality are the corner stones of the magazine, scholarly writings from all the various areas of studies are encouraged.

GERMAN CLUB

The German Club was founded at the request of the Junior High students, who wanted to understand the words that Mr. Smedley used occasionally in class. The students spend their lunch hours and activity periods learning conversational German. The goal of the club is to provide the beginning knowledge necessary for a personto converse with a German speaking person. As Mr. Smedley says,"Das Ende."

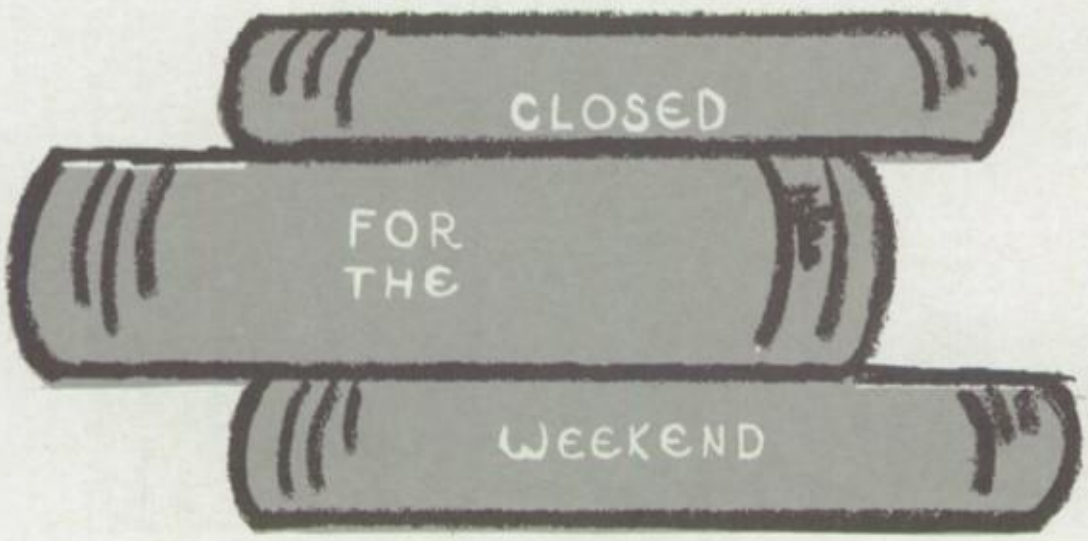
W CLUB

Congratulations, boys! These are the boys who wear the Was a reward for their sacrifice, indulgence, and effort in maintaining high athletic standards. Our hats off to these boys who represent Westfield in competitive activities and display all those sportman like qualities that are expected of a Shamrock athlete.

SENIORS-GUESS WHO???

Each year the Seniors have the privilege of painting their Senior Cords. On their cords the Seniors place representations of the activities they have participated in during their high school career. Can you guess who these Seniors are?????

FEATURES



ANNUAL

Nancy Hughes, a Senior, is this year's High School Annual Queen. The Annual Queen was determined by the annual sales. Each English class and the three Civics classes choose one girl from their class. To be a candidate for queen the girl's class must have 85% annual sales. The High School Candidates were Dotty Cook, Janice Hershey, Ann Lambdin, and Lynn Deckard.

QUEENS

This is the first year that the Junior High has had an Annual Queen. The Junior High Annual Queen was Tereasa Beck. The qualifications for Junior High Annual Queen were the same as those for High School Annual Queen. Both Queens were announced at the Autograph Dance sponsored by the annual staff.

ANNUAL QUEEN CANDIDATES

HOMECOMING QUEEN AND HER COURT: Freshman, Nancy Wallace, Escort, Andy Wheeler, Junior, Janet Hodge, Escort, Kurt Essex, Queen, Senior, Karen Baker, Escort, Bill Stubbs, Sophomore, Shirley Oyler, Escort, Dave Tudor.

Karen Baker, a Senior, was this year's Homecoming Queen. She was elected by the entire student body. Karen made a lovely Queen and the Seniors were very proud of her.

This is the graduating class of 1964.

The 1964 Senior Prom was held in Indianapolis where the Seniors, their dates, and the teachers all seemed to have an excellent time.

For the first time in the history of Westfield High School the Annual Staff sponsored a dance. The staff entitled the dance "The Winter Snowflake Ball." At the side and below are some pictures of the evening, showing the gayly decorated room and the people who came and enjoyed the activities of the evening.

The band that played at the Snowflake Ball was called the Zircons.

This is a real good group for October 31st any year.

These are the Four Cuties. A Westfield orginal.

The entire cast.

"Dino"

The play presented by the Senior Class this year was entitled "Dino." Instead of being the traditional comedy, "Dino" was a Drama. This was one of the first dramas to be presented at Westfield.

Dino is the name of the main character in the play. He is a rebellious teenager just out of reform school. This boy was played by Mike Henry. This picture shows Dino in a very hostile mood which characterized him.

The fight between Dino and his brother, Tony.

The Homecoming Queen this year was Miss Karen Baker.

The Sunshine Society was very happy this year that their goal of $100.00 for the Riley Fund was exceeded. The girls would like to say thank you to everyone for the generous contributions.

Malinda Mikesell received the honor of being the 1965 Riley Fund Queen. The President of the Sunshine Society, Carolyn Gang, crowned the Queen.

Riley Fund Queen Candidates: Shirley Babb, Ava Simpson, Kaaren Morris, the Queen, Malinda Mikesell, Lynn Deckard, SSS President, Carolyn Gang.

The Shamrocks won 10 and lost 11 games this year, but this record doesn't indicate how hard the boys worked. All but three of the games were fairly close and the boys played their best.

With five returning lettermen and several promising boys, who have received valuable experience with the Pony League, Westfield should win its share of games next summer. All of the boys are looking forward to playing on the newly built baseball diamond.

The Westfield track team of 1963-64 took first place in five meets and was second in one three-way meet. We were second best of four teams participating in the Westfield relays, won by a good Sheridan team and came in fourth place in the six-team County meet at Noblesville.

Some of the top point getters for the squad were Jim Clark, Charlie Hughes, Jack Gardner, Walt Edwards, and the relay teams.

Up and over!!!

Hurry up Claude.

Dear Readers:

I would like to thank everyone on the annual staff for contributing their time and energy to the completion of this year's annual. A special thank you is extended to Mr. Whitesell, Mrs. Cox, and those people who worked, although they were not on the annual staff.

Thank you,

Charlene Whittaker

Didn't think I'd do it, did ya'?

This year marked the end of the Hamilton County Tourneys. Carmel was the proud victor of the trophy, and Westfield won the runner-up award. The Westfield students are very proud of the team for the good games they played during the tourney.

And awa-a-a-a-ay we go!!

How do you feel?

We're proud of our team!

What's up, Doc?

Mr. Leaman, I request permission to cry.

Altogether now 1 - 2 - 3 !!
